Migration has long served as a catalyst for economic growth and social transformation. The International Organization for Migration (IOM) notes that migrants fill labor shortages, stimulate innovation, and balance demographic shifts. In many advanced economies, migration helps counter aging populations and declining birth rates. Consequently, the arrival of new workers and skills sustains productivity and ensures stability across industries such as healthcare and technology.

Moreover, migration enriches societies culturally and socially. The United Nations emphasizes that migrants introduce traditions, languages, and perspectives which encourage dialogue and tolerance. This diversity strengthens social cohesion when communities adopt inclusive policies. Migrants also participate in civic life through volunteerism and community initiatives, thereby reinforcing the social fabric of host nations. Thus, migration is not only about labor mobility but also about building vibrant, multicultural societies.

In addition, remittances highlight migration's global impact. The World Bank reports that migrants send hundreds of billions of dollars annually to their countries of origin, often exceeding official aid. These funds support education, healthcare, and small businesses, reducing poverty and stimulating local economies. As a result, migration generates a dual benefit: host nations gain workers and innovation, while origin countries receive financial support and knowledge transfer. This exchange fosters stronger economic ties and shared prosperity.

To conclude, migration contributes to economic and social development by addressing labor needs, promoting cultural diversity, and sustaining financial flows worldwide. International evidence confirms that when migration is managed responsibly, both sending and receiving nations benefit. Therefore, migration should be regarded not as a burden but as an opportunity to build resilient economies and inclusive societies.

Soal:

16. Which of the following are economic contributions of migration mentioned in the text? Choose all that apply!

    [ ] Increasing unemployment

    [ ] Filling labor shortages

    [ ] Stimulating innovation

    [ ] Sustaining productivity across industries

    [ ] Reducing healthcare access

17. The word "poverty" has an opposite meaning with ...

    (A) cohesion.

    (B) diversity.

    (C) burden.

    (D) prosperity.

    (E) obstacle.

18. Categorize the statements into Economic Impact or Social Impact based on the text!

Statement	Economic Impact	Social Impact
Migrants introduce traditions, languages, and perspectives that encourage tolerance.		
Migrants fill labor shortages and sustain productivity in industries like healthcare.		
Remittances support education, healthcare, and small businesses in origin countries.		
Migrants participate in civic life through volunteerism and community initiatives.		
International evidence confirms that when migration is managed responsibly, both sending and receiving nations benefit.		

19. If migration were severely restricted in aging societies, what would most likely happen according to the text?

    (A) Labor shortages would worsen and productivity could decline.

    (B) Tourism activities would increase rapidly.

    (C) Farming practices would replace modern industries.

    (D) Government taxation policies would disappear.

    (E) Entertainment programs would dominate social life.

20. What conclusion can be drawn from the text?

    (A) Migration is described mainly as a factor in tourism and entertainment activities.

    (B) Migration is presented as focusing only on farming and agricultural practices.

    (C) Migration is explained as being designed to replace traditional education systems.

    (D) Migration should be seen as an opportunity to build resilient economies and inclusive societies.

    (E) Migration is portrayed primarily as a matter of government taxation and financial policies.

Poetry is not only an artistic form but also a medium that nurtures emotional intelligence. Emotional intelligence refers to the ability to recognize, understand, and manage emotions in oneself and others. Research published in Social Cognitive and Affective Neuroscience highlights that poetry, like music, activates neural circuits linked to emotional processing, showing its capacity to elicit strong feelings and reflection. Thus, engaging with poetry provides readers with opportunities to explore emotions deeply and develop empathy, self-awareness, and regulation.

First, poetry fosters empathy by presenting diverse perspectives and emotional experiences. A survey study in the *International Journal of Science, Engineering and Technology* found that literature, including poetry, enhances empathic capacities among students and professionals by exposing them to varied human conditions. When readers encounter verses about joy, grief, or resilience, they imaginatively step into others' lives. This process builds compassion and tolerance, making poetry a bridge to understanding cultural diversity and interpersonal struggles.

Second, poetry strengthens self-awareness and emotional regulation. The symbolic and condensed nature of poems encourages readers to pause and reflect on metaphors and imagery. Neuroscientific evidence suggests that such aesthetic experiences stimulate psychophysiological responses, helping individuals confront and articulate their own emotions. Writing or reading poetry also provides a safe outlet for intense feelings. Instead of suppressing emotions, individuals can channel them into creative language, reducing stress and promoting resilience.

In conclusion, international studies confirm that poetry enhances emotional intelligence by cultivating empathy, encouraging self-awareness, and supporting emotional regulation. Its artistic qualities invite readers to engage with emotions in meaningful ways, making poetry not only a cultural treasure but also a valuable tool for personal development. Therefore, poetry should be embraced as a pathway to deeper emotional understanding and stronger human connections.

(adapted from various sources)

21. Which argument in the text is most strongly supported by scientific evidence?

(A) Poetry activates neural circuits linked to emotional processing.

(B) Poetry reduces one's self-confidence in social interactions.

(C) Poetry informs readers about historical cultural stories.

(D) Poetry focuses only on imaginary activities without real impact.

(E) Poetry eliminates critical thinking practices in literature.

22. Which statements reflect poetry's role in self-awareness and regulation?

There is more than one correct answer. Choose all that apply!

[ ] Encouraging reflection on metaphors and imagery

[ ] Suppressing emotions to avoid stress

[ ] Stimulating psychophysiological responses

[ ] Providing a safe outlet for intense feelings

[ ] Preventing all negative emotions permanently

23. The word "elicit" in the text is closest in meaning to

(A) suppress.

(B) decline.

(C) reduce.

(D) block.

(E) evoke.

24. How does writing poetry help individuals regulate emotions?

(A) By offering a safe outlet to express and transform emotions into creative language.

(B) By eliminating the need for formal education to analyze literature.

(C) By entertaining readers with fictional stories without deeper reflection or meaning.

(D) By implementeing curriculum related poetry writing.

(E) By focusing mainly on reading activities about literature.

25. What can be inferred about poetry's symbolic nature?

(A) It prevents readers from understanding emotions clearly.

(B) It encourages readers to reflect deeply on emotions and meanings.

(C) It makes poetry less effective than music in emotional expression.

(D) It limits readers' ability to connect with personal experiences.

(E) It focuses more on factual information than emotional experiences.

Berikut adalah kunci jawaban, bukti teks (*evidence*), strategi menjawab, serta analisis pilihan jawaban untuk setiap soal.

Bagian 1: Teks tentang Migrasi (Soal 16–20)

Soal 16

- **Jawaban Benar:**
    - [x] **Filling labor shortages**
    - [x] **Stimulating innovation**
    - [x] **Sustaining productivity across industries**
- **Evidence:** Paragraf 1: *"...migrants fill labor shortages, stimulate innovation, and balance demographic shifts... Consequently, the arrival of new workers and skills sustains productivity and ensures stability across industries..."*
- **Strategi Menjawab:** Lakukan *scanning* kata kunci *"economic"* dan perhatikan daftar kontribusi pada paragraf 1. Pilihlah opsi yang persis disebutkan dalam teks.
- **Alasan Opsi Lain Salah:**
    - *Increasing unemployment:* Bertentangan dengan teks, teks justru menyebutkan migran mengisi kekurangan tenaga kerja (*fill labor shortages*).
    - *Reducing healthcare access:* Salah, teks menyatakan migran mendukung stabilitas industri seperti kesehatan (*healthcare*), bukan menguranginya.

Soal 17

- **Jawaban Benar: (D) prosperity.**
- **Evidence:** Paragraf 3: *"...reducing poverty and stimulating local economies... fosters stronger economic ties and shared prosperity."*
- **Strategi Menjawab:** Pahami arti kata dasar *"poverty"* (kemiskinan), lalu cari antonim yang bermakna kemakmuran/kesejahteraan.
- **Alasan Opsi Lain Salah:**
    - *(A) cohesion:* Berarti kepaduan/persatuan, bukan lawan kata kemiskinan.
    - *(B) diversity:* Berarti keberagaman.
    - *(C) burden:* Berarti beban, memiliki konotasi negatif serupa dengan beban kemiskinan, bukan lawan kata.
    - *(E) obstacle:* Berarti rintangan/hambatan.

Soal 18

- **Jawaban Benar:**

Statement	**Economic Impact**	**Social Impact**
Migrants introduce traditions, languages, and perspectives that encourage tolerance.		✓
Migrants fill labor shortages and sustain productivity in industries like healthcare.	✓	
Remittances support education, healthcare, and small businesses in origin countries.	✓	
Migrants participate in civic life through volunteerism and community initiatives.		✓
International evidence confirms that when migration is managed responsibly, both sending and receiving nations benefit.	✓	

- **Evidence:**
    - Pernyataan 1: Paragraf 2 ("*...enriches societies culturally and socially... encourage dialogue and tolerance*").
    - Pernyataan 2: Paragraf 1 ("*...economic growth... fill labor shortages, stimulate innovation... sustains productivity...*").
    - Pernyataan 3: Paragraf 3 ("*...remittances highlight migration's global impact... small businesses, reducing poverty and stimulating local economies*").
    - Pernyataan 4: Paragraf 2 ("*...participate in civic life through volunteerism and community initiatives, thereby reinforcing the social fabric...*").
    - Pernyataan 5: Paragraf 4 ("*...contributes to economic and social development... both sending and receiving nations benefit*").

- **Strategi Menjawab:** Identifikasi kata kunci: jika terkait pasar tenaga kerja, produktivitas, atau uang (*remittances/business*), kategorikan ke *Economic Impact*. Jika berhubungan dengan toleransi, budaya, kesukarelawanan, atau tatanan masyarakat, masukkan ke *Social Impact*.

Soal 19

- **Jawaban Benar: (A) Labor shortages would worsen and productivity could decline.**
- **Evidence:** Paragraf 1: *"In many advanced economies, migration helps counter aging populations and declining birth rates. Consequently, the arrival of new workers and skills sustains productivity and ensures stability..."*
- **Strategi Menjawab:** Gunakan penalaran logika sebab-akibat terbalik (*cause and effect*). Jika kehadiran migran mengatasi populasi menua dan menopang produktivitas, maka pembatasan migran akan memperburuk kekurangan pekerja dan menurunkan produktivitas.
- **Alasan Opsi Lain Salah:**
    - *(B), (C), (D), (E):* Topik tentang pariwisata (*tourism*), pertanian (*farming*), hilangnya pajak, dan program hiburan tidak pernah dibahas dalam teks terkait populasi menua.

Soal 20

- **Jawaban Benar: (D) Migration should be seen as an opportunity to build resilient economies and inclusive societies.**
- **Evidence:** Paragraf 4: *"Therefore, migration should be regarded not as a burden but as an opportunity to build resilient economies and inclusive societies."*
- **Strategi Menjawab:** Perhatikan paragraf penutup (terutama kalimat yang diawali penanda kesimpulan seperti *To conclude* atau *Therefore*).
- **Alasan Opsi Lain Salah:**
    - *(A), (B), (C), (E):* Menarik fokus ke topik yang tidak relevan atau tidak disebutkan (hiburan, pertanian semata, penggantian kurikulum, pajak pemerintah).

Bagian 2: Teks tentang Puisi (Soal 21–25)

Soal 21

- **Jawaban Benar: (A) Poetry activates neural circuits linked to emotional processing.**
- **Evidence:** Paragraf 1: *"Research published in Social Cognitive and Affective Neuroscience highlights that poetry, like music, activates neural circuits linked to emotional processing..."*
- **Strategi Menjawab:** Cari kalimat yang memuat sitasi ilmiah formal (*scientific evidence*, nama jurnal, atau disiplin neurosains).
- **Alasan Opsi Lain Salah:**

- *(B) Poetry reduces one's self-confidence...:* Bertentangan, teks menyatakan puisi mendukung regulasi emosi dan ketahanan diri.

- *(C) Poetry informs readers about historical cultural stories:* Bukan fokus argumen teks dan bukan hasil bukti ilmiah di teks.

- *(D) Poetry focuses only on imaginary activities without real impact:* Bertentangan, teks membuktikan puisi membawa dampak nyata psikofisiologis.

- *(E) Poetry eliminates critical thinking...:* Tidak relevan dan berlawanan dengan pesan teks.

Soal 22

- **Jawaban Benar:**

    - [x] **Encouraging reflection on metaphors and imagery**

    - [x] **Stimulating psychophysiological responses**

    - [x] **Providing a safe outlet for intense feelings**

- **Evidence:** Paragraf 3: *"...nature of poems encourages readers to pause and reflect on metaphors and imagery. Neuroscientific evidence suggests that such aesthetic experiences stimulate psychophysiological responses... provides a safe outlet for intense feelings."*

- **Strategi Menjawab:** Lacak paragraf 3 yang membahas khusus *self-awareness and emotional regulation*. Pilih poin-poin yang disebutkan secara eksplisit.

- **Alasan Opsi Lain Salah:**

- *Suppressing emotions to avoid stress:* Teks secara eksplisit menyatakan *"Instead of suppressing emotions..."* (bukan menekan emosi).

- *Preventing all negative emotions permanently:* Terlalu ekstrem; teks berbicara tentang mengelola dan menyalurkan emosi, bukan melenyapkan seluruh emosi negatif secara permanen.

Soal 23

- **Jawaban Benar: (E) evoke.**

- **Evidence:** Paragraf 1: *"...showing its capacity to elicit strong feelings and reflection."*

- **Strategi Menjawab:** Pahami konteks kalimat. *Elicit* berarti memancing, membangkitkan, atau memunculkan (*to draw out / evoke* perasaan dan refleksi).

- **Alasan Opsi Lain Salah:**

  - *(A) suppress:* Menekan/menahan (lawan kata).

  - *(B) decline:* Menolak atau merosot.

  - *(C) reduce:* Mengurangi.

  - *(D) block:* Menghalangi/menghambat.

Soal 24

- **Jawaban Benar: (A) By offering a safe outlet to express and transform emotions into creative language.**

- **Evidence:** Paragraf 3: *"Writing or reading poetry also provides a safe outlet for intense feelings. Instead of suppressing emotions, individuals can channel them into creative language, reducing stress and promoting resilience."*

- **Strategi Menjawab:** Cari kata kunci *writing poetry* di paragraf 3, lalu cocokkan parafrasa dari frasa *"safe outlet"* dan *"channel them into creative language"*.

- **Alasan Opsi Lain Salah:**

    - *(B) By eliminating the need for formal education...:* Tidak disebutkan dalam teks.

    - *(C) By entertaining readers with fictional stories...:* Menulis puisi adalah refleksi mendalam, bukan sekadar hiburan tanpa makna.

    - *(D) By implementeing curriculum...:* Teks tidak membahas implementasi kurikulum sekolah.

    - *(E) By focusing mainly on reading activities...:* Pertanyaan menanyakan proses *writing* (menulis), bukan membaca saja.

Soal 25

- **Jawaban Benar: (B) It encourages readers to reflect deeply on emotions and meanings.**

- **Evidence:** Paragraf 3: *"The symbolic and condensed nature of poems encourages readers to pause and reflect on metaphors and imagery... helping individuals confront and articulate their own emotions."*

- **Strategi Menjawab:** Cari kata kunci *"symbolic nature"*, lalu simpulkan pengaruhnya terhadap pembaca (membuat mereka berhenti sejenak dan merenung secara mendalam).

- **Alasan Opsi Lain Salah:**

    - *(A) It prevents readers...:* Bertentangan, sifat simbolik justru membantu pembaca mengenali emosi.

    - *(C) It makes poetry less effective than music...:* Paragraf 1 menyamakan puisi dengan musik (*"poetry, like music"*), bukan menyebutnya kurang efektif.

- *(D) It limits readers' ability...:* Bertentangan, simbolik justru memperluas refleksi pembaca.

- *(E) It focuses more on factual information...:* Salah, puisi condong pada pengalaman emosional dan estetika, bukan sekadar fakta objektif.
